Welcome to our newsletter, which aims to keep you up-to-date with what is happening on our site.

What we’re building

BAM are building eight new student accommodation blocks at its Jowett Walk site in Oxford.

These will be progressing from the present time, with a planned completion date for the whole scheme in June 2020.

The scheme also includes the construction of a new squash court and energy centre, which will be located within the basement of a new sports pavilion.

What’s next?

Block A – More glass will be installed to finish off Block A. The brick façade external panels will move forward following on from the windows, with decorating and second fix following on from the plastering in the block.

Blocks B1 and B2 – Fire protection will carry on in the block with the roof membrane progressing also. Mechanical and electrical works are ongoing with the install of risers. Roof package installation will also commence on block B1. Windows will follow on after block A has been completed.

Block C1 – Roof works will progress along with fire protection to the openings.

Pavilion – Screeding works will commence in the energy center and electrical plant room. Also the mechanical and electrical works will advance in the basement.

Recent progress

Block A – External panels have progressed on the block along with the windows have being going in to the block on near completion. Internally as above the plastering has advanced and the decorating has begun.

Blocks B1 and B2 – Roof installation on B1 will carry on as well as block C1. Mechanical and electrical works of the installation to the risers have moved on ready for other trades.

Block C1 – Timber frame brackets have been fixed to the outside of the block and one layer for the roof covering has been laid.

Pavilion – The energy center works have continued and more mechanical and electrical works have been installed. The electrical plant room is prepared to be screed in the up and coming days.

Project Manager: John Rabey
Site Manager: Graham Philp
Site Manager: Steve Collins
Project Surveyor: Andrew Edmunton
Project Planner: David Littler
Design Manager: Martijn Reukers
Site Administrator: Isobel Daly
M&E Coordinator: BAM Services Engineer

Our partners:
Client: Balliol College
Client Project Manager: Bidwells
Architect: Niall McLaughlin Architects
Quantity Surveyor: Gleeds
Structural Engineer: Smith & Wallwork
M&E Consultant: Harley Haddow

About BAM
BAM Construction is part of BAM Construct UK which is one of the country’s largest construction services organisations with a turnover of more than £900 million. We operate throughout England, Scotland and Wales. Our European parent company is Royal BAM Group which employs over 25,000 people worldwide and has a turnover of €7 billion.

Currently BAM are working throughout the South East of England, but are on site with another project at Acland House for Keeble College. There we are forming a new set of accommodation blocks, as well as a leading research facility within the building’s basement.

Considerate Constructors
All BAM sites register with the Considerate Constructors Scheme. This means we are committed to being a good neighbor and to being clean, respectful, safe, environmentally conscious, responsible and accountable. Our site is independently inspected to make sure we live up to these aims.

We try to work in a way that causes as little inconvenience as possible to our neighbors. We apologize for any unavoidable nuisance that may be caused during the work.

Please help us with safety
Construction sites can be dangerous. At BAM our top priority is the health and safety of everyone who works on our sites, the public and the local community affected by our work. If you need to contact us, please ring us or call the site office but do not enter the site.

Please make any children in your care aware that our building site is not a playground and that they must not enter the site. Thank you for your co-operation.

Contacting the site team:
If you have any questions or concerns about what’s happening at the site, please contact Neville Clarke, Balliol College Surveyor in the first instance.
