

List of Blundell Fellows

The Fellows of the College on the Blundell Foundation are listed below, with the dates of their election to the Fellowship. Most of them were previously Blundell Scholars (about two out of three of whom became Fellows until 1852). Some died young, or left no trail which is obvious, but the majority of them, like Domus Fellows of the College, spent the greater part of their lives as incumbents of country parishes.
